MEMORANDUM FOR: Chief, Security Section, DPD-DD/P

SUBJECT : Request for Clearances in the Offices of DCI and DCI

25X1A

1. I received a call from [redacted] Assistant to General Cabell this morning requesting in the name of the DCI that the following secretaries in General Cabell's office be afforded a clearance for the record on CHALICE, CASTO, CORONA, [redacted] and 'T'.

25X1A

25X1A

2. General Cabell wants to have these girls given a rather limited briefing, concentrating on the subject matter of each project rather than the operational details of each. [redacted] asked that, through your office, concurrent arrangements be made with [redacted] to record a "T" clearance for these individuals. I assume that [redacted] will make his own arrangements for briefing the girls.

3. [redacted] also stated that [redacted] Assistant to the DCI had asked that a formal clearance be recorded for Mr. [redacted] in the Director's office. [redacted] has handled CHALICE, CASTO, CORONA and 'T' material for the Director for some time but has not been officially briefed or required to sign any forms. [redacted] added that General Cabell was reluctant to increase the statistical count of people cleared for our various programs but he did feel that the situation had progressed to a point where an official clearance was now indicated.

4. I would request that you give this matter your immediate attention, advising me when they are in order.
